

Cedar PDF extraction exercise

Fictional example - version 1.0 - September 5, 2026

1. Selectable source text

The owner of the reference review is Alex Chen.

The review deadline is October 15, 2026.

A document is not approved merely because it was submitted.

2. Values to check against the source

Region	Approved budget (USD)
North	12000
South	8000

This visual table is not a calculation model.

Check that region labels remain paired with their values.

3. Missing information

This example does not specify a refund policy.

IMAGE-ONLY EXAMPLE

The hidden-in-image code is CEDAR-42.

This page has no searchable text layer.

A text extractor must report the gap.
